

Lina Khaled Alamri

UI/UX Designer and Data Analyst

linakh1004@gmail.com | 0537242899 | Saudi Arabia

PROFILE

A motivated computer science graduate skilled in UI/UX design, Mobile app development and data analysis, with hands-on project experience in creating user-centered digital solution. I combine strong design thinking with solid programming skills to develop intuitive interfaces and functional applications. Passionate about learning, problem-solving and delivering high-quality work.

EDUCATION

Bachelor's degree in Computer Science

Taibah University

2021 – Aug 2026

Madina

Completed a Bachelor's degree in computer science with coursework in programming, databases, UI/UX fundamentals, data analytics and web development. Gained hands-on experience through several applied project.

PROJECTS

UI/UX Projects

- **AstroTalk - Astronomy Learning App**

Full UX process including personas, user flows, wireframes, design system and final UI.

- **Sunify - Sunglasses E-commerce App**

Brand identity, product catalog, layout design and checkout flow.

- **Travelo - Travel Booking App**

Research, user journey mapping, flow optimization and high-fidelity screens.

- **Sneakers Store App**

Product pages, navigation structure and typography system.

Development Projects

- **X-Like Social App** (Flutter + Firebase)

- **Workshop Booking Application.**

- **Nearby Store App** (Geolocations + Flutter)

- **Solar System Graduations Project** (HTML, CSS, JavaScript - Web)

Data Projects

- **Power BI Dashboard - Endangered Animals Analysis**

Data cleaning, modeling and visualization to present insights about extinct and endangered species.

TECHNICAL SKILLS

UI/UX Design

Design intuitive and visually structured user interfaces by applying user research, journeys, flows, wireframing, visual design principles and component-based interactions design.

Programming

Develop applications using Flutter, Java, Python, SQL and web technologies with experience in API integration and Firebase fundamentals.

Data Analysis

Analyze and visualize data using Power BI, Excel and Python focusing on data cleaning and turning insights into clear dashboards.

TOOLS

Figma, Canva, VS Code, Power BI, Python, SQL and Flutter.

CERTIFICATES

Microsoft Office Specialist — From Microsoft Office institute.

COURSES

UI Design, Afkar Station

12/2025

Application Develop with Flutter, hash plus.

07/2025

Data Fundamentals with Capstone Project, IBM SkillsBuild

06/2025
